WARNINGS:

Keep out of reach of children. Do not ingest (inhale or drink). Avoid contact with eyes, face and clothing. In case of eye contact, remove any contact lenses, rinse with cold water for at least 15 minutes. In all cases seek medical advice if necessary. Persons with asthma or sinus sensitivity should be cautious when using this product in undiluted form.

DIRECTION FOR USE:

- Once opened, use within 48 hours.
- Compatibility and / or performance cannot be guaranteed when combined with other products. Do not mix Steri-Harvest with anything else except water, with minimal organic and inorganic content.
- Steri-Harvest is biodegradable and leaves no residues after operation.
- Always store in cool, dry and dark place, out of any direct sunlight and on a pallet.

APPLICATION	DOSAGE	COMMENTS
Water Sanitation (Fruit and vegetable packing and processing)	Use 6 to 8 L STERI-HARVEST per 1000 L of water. (Maintenance: 3,5 to 4,5 L STERI-HARVEST per 1000 L of water.)	Water used to wash fruit can be sanitized by using Steri-Harvest to control various pathogens in the wash water. Maintain concentration and mixture parameter (pH) to keep Steri-Harvest effective. Replace recirculating mixtures when dirty. Pre-sort and remove decayed/injured fruit to prevent the spread of disease.
Disinfecting of hard surfaces, cold rooms, sorting tables, tools, equipment, fruit nettings, tunnels, greenhouses, plastic crates	0,8 to 1 L STERI-HARVEST per 100 L of water	Wet pre-cleaned hard surfaces with the Steri-Harvest solution and allow to dry.
Foot baths	1 L STERI-HARVEST per 100 L of water	Replace the mixture in the footbath on a daily basis as required.
Hydrocooling	Use 4 to 6 L STERI-HARVEST per 1000 L of water	Treat water in hydrocooler.

Although this product has been extensively tested under a large variety of conditions, the manufacturer does not warrant that it will be efficacious under all conditions, because the action and effect thereof may be affected by factors such as abnormal soil, climatic and storage conditions, quality of dilution water, compatibility with other substances not indicated on the label as well as by the method, time and accuracy of application. The registration holder furthermore does not accept responsibility for damage to crops, vegetation, and the environment or of harm to man or animal or for lack of performance of the product concerned due to failure of the user to follow label instructions or to the occurrence of conditions, which could not have been foreseen in terms of the registration. Consult the supplier in the event of any uncertainty.
